# 5 Ways to Wellbeing

DO WHAT YOU CAN, ENJOY WHAT YOU DO, MOVE YOUR MOOD

REMEMBER THE SIMPLE THINGS THAT GIVE YOU JOY

EMBRACE NEW EXPERIENCES, SEE OPPORTUNITIES, SURPRISE YOURSELF

Your time, your words, your presence

## People need people

**Connect...** with the people around you. With family, friends, colleagues and neighbours. At home, work, school or in your local community. Think of these as the cornerstones of your life and invest time in developing them. Building these connections will support and enrich you every day.

## Tips

**Listen**: show genuine interest in others and try asking thoughtful questions. Seek to truly understand the people around you.

**Be authentic – not perfect**: science shows people prefer those who are honest about both their strengths *and* their insecurities. The quickest way to make people trust you is to be truthful about how you feel.

**Forgive:** holding a grudge? Try letting it go. Research shows it benefits us to stop clinging on and feeling bad about a situation. Forgiveness could make you feel happier!

## Case Study

Monika is a carer for her sister, Anna, who had recently been discharged from Northwick Park Hospital and was feeling socially isolated because she did not know many people in Harrow. Monika found out about an opportunity to meet people from a poster in a coffee shop, the group was called 'Harrow Communities Click' and they put on coffee mornings

at a local venue. Monika decided to attend the social group along with Anna. At this session they were able to sign up as members of Harrow Communities Click and find out the full list of activities that were taking place locally as well as connect and chat with other members. Monika was pleased that her sister could start to create local connections.
